ODA is delighted to invite you to join us for our 5<sup>th</sup> annual conference to be held by the seaside in St Kilda. Come and join in a rich and stimulating two days with many opportunities to 'Connect - Share - Grow'

### Our keynote speaker

Amanda will engage us in the work she has been doing in Mindful Leadership, discuss the impacts it can have on people and organisations and will include some experiential practices of mindfulness.

### Panel:

#### Topic: To tweet or not to tweet...

Are we in a new world order? Web 2.0 promises connectivity, collaboration and collective wisdom. Is it delivering? What does it all mean? And what does it mean for organisations and OD practice?

A conversation to explore implications, lessons learned and possibilities...

Join our moderator, Ralph Kerle, Executive Chairman, The Creative Leadership Forum, & Founder, Creative Skills Training Council, plus a range of panel members, in a lively conversation on this very topical subject.

### ODA does Open Space

A conference tradition, Open Space sessions are time for pursuing whatever is of interest to you, the people attending. What are you curious about? What is important to you? Nominate your topic and let those interested join you. It could be a topic emerging from the conference, or even from the work you do. A block of one hour spaces will begin our afternoon on day two.

### Who's attending?

- HR & OD practitioners
- Managers
- Students, Academics
- Anyone wanting to learn more about, and contribute to, the field of organisation development

### Toolsheds:

Our popular toolshed sessions have been extended this year - more time for us to delve a little deeper and explore a particular approach in a hands-on way.

◆ **Systemic role consultations** - get a handle on organisational role analysis. Get the theory and time to practice. Join Dr Jinette de Gooijer & Rob Cairns from Group Relations Australia.

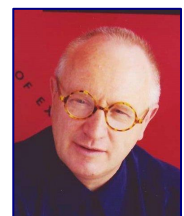

### ◆ The Business Transformation Simulation.

The 'How To' workshop for producing high levels of employee motivation, cooperation, innovation, along with improved organisational performance. Join Peter Aughton from The Amerin Group, & Convenor of AHRI's OD&D Interest group.

◆ **Theory U and How We Think, Work and Lead Creatively.** Theory U, developed by Otto Scharmer, Professor, MIT Sloan School of Management, offers a framework for reflection on the emergent properties of creativity and how that effects the way we work, lead and manage. Get your hands into clay to experience the theory.. Join Ralph Kerle from the Creative Leadership Forum.

*And as if that is not enough, look out for a few more surprise announcements!*
